VOLUME CVII.--NO. 100. ALEXANDRIA, VA., WEDNESDAY EVENING, APRIL 25, 1906. PRICE 2 CENTS.

A Heavy Load to Carry.

Along with dyspepsia comes nervousness and general ill-health. Why? Because a disordered stomach does not permit the food to be properly digested, and its products assimilated by the system. The blood is charged with poisons which come from this disordered digestion, and in turn the nerves are not fed on good, red blood, and we see symptoms of nervousness, sleeplessness and general breakdown. It is not head work, nor over physical exertion that does it, but poor stomach work. With poor, thin blood the body is not protected against the attack of germs of grip, bronchitis and consumption. Fortify the body at once with Dr. Pierce's Golden Medical Discovery—a rare combination of native medicinal roots without a particle of alcohol or dangerous habit-forming drugs.

A little book of extracts, from prominent medical authorities extolling every ingredient contained in Dr. Pierce's Golden Medical Discovery will be mailed *free* to any address on request by postal card or letter. Address Dr. R. V. Pierce, Buffalo, N. Y.

Many years of active practice convinced Dr. Pierce of the value of many native roots as medicinal agents and he went to great expense, both in time and in money, to perfect his own peculiar processes for rendering them both efficient and safe for tonic, alterative and rebuilding agents.

The enormous popularity of "Golden Medical Discovery" is due both to its scientific compounding and to the actual medicinal value of its ingredients. The publication of the *names of the ingredients* on the wrapper of every bottle sold, gives full assurance of its non-alcoholic character and removes all objection to the use of an unknown or secret remedy. It is not a patent medicine nor a secret one either. This fact puts it *in a class all by itself*, bearing as it does upon every bottle wrapper The Badge of Honesty, in the full list of its ingredients.

The "Golden Medical Discovery" cures, weak stomach, indigestion, or dyspepsia, torpid liver and biliousness, ulceration of stomach and bowles and all catarrhal affections no matter what parts or organs may be affected with it. Dr. Pierce's Pleasant Pellets are the original little liver pills, first put up 40 years ago. They regulate and invigorate, stomach, liver and bowels. Much imitated but never equaled. Sugar-coated and easy to take as candy. One to three a dose.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is donig wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Finger Cut off by Robber.

Passing through Colorado Springs, Colo., yesterday on a Denver and Rio Grande train, bound for Chicago, where her parents reside, was a San Francisco fugitive, who said her name was Miss Logan. She wore a bandage on her left hand, and said that while she lay unconscious upon the floor of the lobby of the St. Francis Hotel, in San Francisco, after the earthquake last Wednesday morning, the third finger of her left hand was cut off and she was robbed of rings that she had worn there. The young woman is about twenty years of age and is almost prostrated with grief and indignation.

The following incident is related by a man who was in San Francisco after the earthquake: "While I was walking about the street I saw man after man shot down by the troops. Most of these were ghouls. One man made the trooper believe that one of the dead bodies lying on a pile of rocks was his mother and he was permitted to go up to the body. Apparently overcome by grief, he threw himself across the corpse. In another instant the soldiers discovered that he was chewing the diamond earrings from the ears of the dead woman. 'Here is where you get what is coming to you,' said one of the soldiers, and with that he put a bullet through the ghoul. The diamonds were found in the man's mouth afterward."

Clean up and get ready for spring. Take a few Early Risers. These famous little pills cleanse the liver, stomach and bowels and give the blood a chance to purify itself. They relieve headache, sallow complexion, etc. Sold by W. F. Creighton & Co., 401 King street.

A Young Mother of 70.

"My mother has suddenly been made young at 70. Twenty years of intense suffering from dyspepsia had entirely disabled her, until six months ago, when she began taking Electric Bitters, which have completely cured her and restored the strength and activity she had in the prime of life," writes Mrs. W. L. Gilpatrick, of Danforth, Me. Greatest restorative medicine on the globe. Sets Stomach, Liver and Kidneys right, purifies the blood and cures Malaria, Biliousness and Weaknesses. Wonderful Nerve Tonic. Price 50c. Guaranteed at E. S. Leadbeater & Sons' drug store.

About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by Gibson and Timberman and W. F. Creighton and Company.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

WEDNESDAY EVENING, APRIL 25, 1906.

THE ELECTRIC LIGHT franchise received another set back in the Board of Alderman last night. An ordinance providing for advertising for bids was reintroduced in Council recently and referred to the finance and light committees. The committees last night made their report and recommended its adoption. The lower board adopted the report with but one dissenting vote. The ordinance, however, again struck a snag when it reached the upper chamber, four members favoring a concurrence in the action of the Common Council and an equal number dissenting. Alexandria will, therefore, await a time until all other cities in the Commonwealth have been equipped with electricity. A seeress in another column of the Gazette says that the world is to come to an end on the 15th of May, which is synchronous with the next regular meeting of Council; hence those who believe in prophecy can cease sighing for electricity in Alexandria, as the city is destined to go down in the crash of the world without this modern convenience.

THE PROPOSITION to take the duty off structural steel for the benefit of the sufferers from the California earthquake brings the "standpatters" in Congress squarely up against the argument for tariff reivsion in a manner in which it cannot well be dodged. The argument will be advanced that if it is a good thing to remove this duty so the business interests of San Francisco and other coast cities will not be further handicapped in their efforts to rebuild at the earliest possible moment, why would it not be a good thing to remove these trade restrictions all over the country These arguments will, of course, be answered by the worn out story of "protection to American industries," but this cannot hold now, for the United States Steel Corporation's statement of business for the first three months of 1906, given out yesterday, shows that the net earnings were $26,634,490, an increase of $13,609,594 compared with the first quarter of last year. Unfilled orders on hand are 7,018,712 tons, an increase of 1,421,152 tons over a year ago. This does not look like an "infant industry."

THE VISIT of Admiral Schley to Alexandria last night was an interesting event in the city's history. This distinguished naval officer mingled with his fraters for several hours, and made a lasting impression upon all he met. The ovation, which began at the intersection of King and Royal streets, terminated at the electric railway station in Washington, where many Alexandrians who were in the capital city waited for the last train to take them home in order to see the admiral and make his acquaintance when he made his return trip. Admiral Schley was much pleased with his experience in Alexandria, and all who met him were equally pleased with their guest. His oration at the Masonic Temple on John Paul Jones was intensely interesting, the admiral relating details in connection with that illustrious American original to his hearers, and which added additional effulgence to this gallant naval officer.

MR. ROOSEVELT is dead bent on having a big navy and of course is entitled to his opinions, but he should at least not select inopportune times and places, for expressing them as he did at Annapolis yesterday during the John Paul Jones obsequies. In his speech on that occasion and in the presence of distinguished foreign guests he took the opportunity to say: "Let the men who talk lightly about its being unnecessary for us now to have an army and navy adequate for the work of this nation remember that such utterances are not merely foolish, for in their effects they may at any time be fraught with disaster and disgrace to the nation's honor, as well as disadvantage to its interest." All of which was in very bad taste, circumstances considered.

DISPATCHES from Paris are to the effect that the storm centre is about to shift from Russia to France. There are grave apprehensions of a cloudburst in the shape of revolutionary activities on the part of anarchists who, it is feared, will take advantage of the present labor troubles to bring about a social upheaval. Already the authorities have shown the white feather in dealing with turbulent conditions in certain sections of the country. There are many bloody chapters in the history of France, and it is hoped that no more are to be added in this day. It is, however, feared that trouble will be witnessed by the first of May.

LAST NIGHT many of the Alexandria women spent a quiet evening at home. Their husbands were either at the Masons' or Odd Fellows' lodges, the City Council, the relief committee meeting—or somewhere else.

Correspondence of the Alexandria Gazette.

Washington, April 25

The doings of the Elkins family in West Virginia coal business were aired before the Interstate Commerce Commission today, investigating the coal and iron industries of this country, in compliance with the congressional resolution. A. C. Fulmar, of Morgantown, W. Va., was the principal witness. Mr. Fulmar related how, as president of the A. C. Fulmar Coal Company, he had leased a mine from George C. Sturvis, principal owner of the Morgantown and Kingwood Railroad, a branch road leading from the Baltimore and Ohio at Morgantown and from which a spur ran to Fulmar's mine. After he had started his mine "the Elkins" bought the road and opened up mines farther up the branch but in the immediate vicinity of Fulmar's mine. Davis Elkins, son of Senator Elkins, became president of the Morgantown and Kingwood road. Shortly after the Elkins took control, the railroad refused to furnish Fulmar with coal cars while furnishing their own mines, or to bring cars to Fulmar's mine from the Baltimore and Ohio. Fulmar added that Elkins "squeezed" him out of the coal business, saying that he could not fight a man with forty or fifty millions. He said if the railroad had furnished him cars he believed he would have made $18,000 per annum out of the mines.

Secretary Bonaparte this afternoon gave a luncheon at the New Willard in honor of Rear Admiral Campion, commanding the French fleet at Annapolis, and the visiting French officers. Among the other 75 guests were the French Ambassor, Rear Admiral Sands, Gen. Horace Porter, Vice President Fairbanks, Assistant Secretary of the Navy Newberry and others.

In his letter to President Roosevelt complaining of the alleged violations of the 8 hour law, President Gompers of the American Federation of Labor, takes to task members of the Cabinet whom he charges with making "flimsy and evasive excuses" or ignoring altogether the charges made. The letter, which is 1200 words in length, after making the statement that repeatedly the attention of high officers of the government had heretofore been called to these alleged violation says: "A remarkable thing which you will note, is the fact that there is not a single case where a violation of the eight hour law was rectified by the officers of the government."

The marriage of Miss Marie McKenna, second daughter of Justice and Mrs. McKenna, and Mr. Davenport Brown was solemnized at noon today. Invitations for the wedding were withdrawn on account of the uncertainty of the fate of Mrs. McKenna's father and that of the justice's brother, whose homes are in San Francisco, and the affair was celebrated at the McKenna home in an exceedingly quiet way. Only relatives were present. Rev. Edward L. Buckey, of St. Matthew's Catholic Church, performed the ceremony, assisted by Rev. Dr. Stafford.

Fifty-ninth Congress.

Washington, April 25.

SENATE

Mr. Tillman, in charge of the Hepburn railway rate bill in the Senate, made another unsuccessful effort today to have a date fixed for taking a vote. Mr. Aldrich, the leader of the so-called conservatives, who now claim a strength of 40 votes, announced that such an agreement might be reached shortly.

Mr. Spooner gave notice that he would talk tomorrow and Mr. Clark announced that he would speak on the bill Friday.

Confederate Veterans.

New Orleans, April 25.—Accompanied by stirring music, and the waving of battle-scarred flags, the sixteenth annual reunion of the United Confederate Veterans began here today, in a specially built auditorium facing historic Royal Hotel. It was called to order by General Albert Estophinal, commander-in-chief of the Louisiana division Rev. Gorman Bakewell, chaplain general of Louisiana, pronounced the invocation. Addresses of welcome were delivered by Governor Blanchard and Mayor Mehrman, after patriotic songs and poems were rendered. General Stephen D. Lee, commander-in-chief of the Confederate Veterans, was presented to the convention by General Estophinal amid tremendous applause. The cheering was heard for blocks away and it reminded the old warriors of their valor and patriotism of forty years ago. General Lee spoke eloquently and was frequently interrupted by applause. Thomas M. Owen, commander-in-chief of the United Sons of Confederate Veterans, responded on behalf of that organization, which is holding its annual convention in conjunction with the veterans. The proceedings will be resumed this afternoon and tonight and will continue until Friday.

Virginia News.

Mrs. Mary Moss died at her home, near Mount Gilead, Loudoun county, Saturday, aged eighty-eight years.

Prominent fruitgrowers of Frederick county say that the sudden cold weather of the last few days has damaged peaches and other early crops, particularly in the low-lying sections.

Last night, as passenger train No 85, southbound, on the Atlantic Coast Line Railway, was passing through Petersburg, and while going up the grade between Lombard and Franklin streets, some unknown person fired into one of the passenger coaches. The bullet shattered one of the window glasses, but no one was injured.

The hailstorm which visited the Petersburg section last Sunday was the severest known for years in some sections of Dinwiddie county, and especially in the vicinity of Dinwiddie county courthouse, where the hail stones were very large and did a vast amount of damage. Every window in the Episcopal Church was shattered, and also the windowsills of many residences. A quantity of orchard trees were blown down and a number of large forest trees were uprooted. A large number of barns and other outhouses were demolished and fencing destroyed. There was a very heavy frost in the Petersburg section Monday night and in exposed places there was some ice. It is feared that considerable damage was done to the fruit.

Woolen Mills Burned.

Philadelphia, April 25.—Shortly before noon, today, one of the sections of the big pipe line which conveys crude oil from Oil City, Pa., to the Point Breeze wharves of the Standard Oil Co., this city, burst near Crumlyne, a suburb of Chester, and in a few moments flooded the small streams and meadows in that vicinity with oil. This in some manner became ignited and in a few moments the surrounding meadows and fields were being swept by a veritable sea of fire, which burned up and obliterated everything in their path. Just on the edge of the blazing meadows stood the big building of the Kennebec Worsted Mills, in which are employed hundreds of men, women, girls and boys. Carried by the many streams the sea of fire swept down upon the mills with almost incredible rapidity, and soon destroyed the mills. The supply of oil was finally shut off and the fire brought under control at 1:30 p. m.

Strike Unlikely.

Wilkes-Barre, Pa., April 25.—A strike of the 160,000 miners in the anthracite coal region may be generally regarded as unlikely, for new and important moves in the negotiation between the operators and miners are being devised today by John Mitchell and the general scale committee which will doubtless lead to a satisfactory adjustment of all pending differences and a resumption of mining for a term of years. Instead of a one-year agreement, which was the last suggestion of the miners, a binding agreement for two years will probably be asked for. These modified demands can admit of nothing but acceptance by the operators, according to those who have best information from the coal companies.

Releaf Fund Increasing.

New York, April 25.—New York city's relief sum contributed for stricken California stood this morning at $3,500,000, which is $1,500,000 in excess of the $2,000,000 mark originally aimed at. From outside the country, the Empress of China has sent $50,000 to the American Legation for use in San Francisco and will send $20,000 more to the Chinese there, and the Paris fund yesterday reached the sum of $22,118.

Today's Telegraphic News

Conditions in France.

Paris, April 25.—Five hundred striking printers met at the labor exchange this morning and voted unanimously to continue the strike.

At Lorient, strikers attempted to blow up a viaduct outside the city. Soldiers arrived on the spot in time to save the viaduct.

The situation at Lorient is regarded by the authorities as offering graver dangers than any other point in the provinces. A general strike exists there and all trades and corporations are affected except the dockers.

There is no change in the situation in the northern coal fields. The calm has not been broken since Saturday. The tendency on the part of some of the miners to return to work continues, although the strike is general.

Paris, where the existing calm has not been disturbed is already held almost in military control, in preparation for the trouble which it is feared may come on May-Day. Squadrons of cavalry may be seen passing through the streets at any hour and republican guards are stationed in the printing offices, the Metropolitan works, the leading banks and in jewelers' shops.

It is estimated that 80,000 will be the number of strikers and unemployed persons who will be on the streets of Paris on May 1st. Of this number about 20,000 will be looking for trouble.

San Francisco Redivivus.

San Francisco, April 25.—At dawn this morning conditions began to look normal. Such marts of trade as remain unburned are opening for the transaction of ordinary business, temporary structures are being run up for the accommodation of others; clearing of the devastated area of its ruins is well under way; the inquiry into the organization and preparations for service of the street railways are so far advanced that the company expressed its readiness to resume business as soon as the mayor would permit; the water company announced the completion of such repairs as enable it to supply a total of 12,000,000 gallons daily. Indeed, there is all the evidence to put at rest, now and forever, the fears of those who predicted that San Francisco would never rise again. Advices from other points which were damaged by the earthquake show a steady revival of life.

Los Angeles, Cal., April 25.—Accurate details of the devastation wrought at San Jose by the earthquake have reached here. The business centre and half of the residence section were damaged or destroyed. The loss will aggregate $8,000,000. Nineteen persons were killed, 200 injured, and 5,000 are homeless.

Negroes Lynched.

Oakwood, Tex., April, 25.—At one o'clock this morning a negro known as George, about 17 years old, was taken from the sheriff by a mob of unknown men and hanged to a tree near the town. The sheriff fired at the members of the mob several times, but the fire was not returned nor was any one wounded so far as known. The boy had stripped himself early in the evening and invaded the home of a widow near town, but was beaten off by the daughter of the woman attacked, who hit the negro with a lighted lamp. The arrest followed, but before the sheriff could get his prisoner to the jail, he was taken from him, strung up to a tree and riddled with bullets.

Groesbeck, Tex., April 25.—While being conveyed to jail in the custody of two officers, a negro charged with having assaulted the daughter of J. A. Eastland, a farmer of Delta, was taken from the officers by a posse of citizens and held until the arrival of the girl's father. When Eastland rode up he ordered the crowd to stand back, and emptied both barrels of a shot gun, loaded with buckshot, into the negro killing him instantly. There is no excitement.

The Olympic Games

Athens, Greece, April 25.—The American atheletes who are competing in the Olympic games, came to the front prominently again today, in the early events. Martin J. Sheridan, of New York, won the contest for throwing the discus, free style. Sheridan's distance was 41.46 metres. Greece took second place, in the contest, her representative covering 38.06 metres. Finland was third. In the final heat of the 100 metres swimming race, C. M. Daniels of the New York Athletic Club, finished first. The Hungarian contestant took second place, and a Welsh swimmer was third.

England won the tandem cycle contest. In the 5,000 metres cycle contest Italy finished first, with England second.

Train Blown Up.

Wilkes-Barre, Pa., April 25.—A Lehigh Valley freight train was blown up with dynamite in the cut off above Pittston at midnight last night. The engine and several cars were derailed and wrecked, and several persons injured. It is believed that some malicious persons placed a box of dynamite on the track which exploded when the locomotive struck it. The explosion was terrific, throwing the engine from the tracks and tearing off the tender. Three freight cars were thrown over a steep embankment. A corps of railroad detectives and the county officials are making an investigation.

Election in Poland.

Warsaw, Poland, April 25.—After an interruption of 77 years in the old system of elections in Poland an election is being held in this city today. The voting is accompanied by many lively scenes. The Polish nationalists are assured of victory at the polls although the Jews have organized a strong opposition to them. The police yesterday confiscated the daily papers containing the electoral addresses of Henry Sienkiwick, the Polish novelist.

City Council.

An average volume of business was transacted by the City Council last night. The Common Council was in session but a short time, but the Board of Aldermen continued their meeting until nearly ten o'clock.

BOARD OF ALDERMEN.

The report of the committees on finance and public property recommending an appropriation of $3,500 for the purchase of an additional steam fire engine, received from the lower board at the last meeting, was read.

Mr. Simpson called attention to the fact that the Common Council had adopted the report on the night it was submitted to them, which is not in accordance with an act of the General Assembly.

President Sweeney made the same observation. The report should have been laid over in both boards, as the appropriation was in excess of $1,000.

Mr. W. H. Sweeney said he was satisfied that an error had been made, and suggested that the Aldermen appoint a committee of conference.

Mr. Hill said the communication of the Fire Wardens had been read and referred to the committees and their reports had been received; hence the community had had sufficient notice. He failed to see how any law had been violated.

President Sweeney said no member of the board was opposed to the appropriation, but Mr. Simpson had called attention to the fact that the report of the committee had not passed through legal channels. The report should have been laid over by the Common Council.

Mr. Marbury said a number of measures making appropriations had been passed on the night of their introduction, notably some for street improvements.

President Sweeney replied that he had recently returned measures to the lower board which that body had passed on the night of their introduction and he cited as instances the ordinances providing for paving on Lee street. He read from the acts of the General Assembly which provide that measures appropriating over $1,000 shall not be passed by either board on the night of their introduction.

Mr. Simpson gave a succinct history of the matter before the board, and referred to the law governing the same.

Mr. Hill moved that the Aldermen non-concur in the action of the Common Council and ask a committee of conference. This motion was adopted and Messrs. Hill and Simpson appointed on the same. The committee retired and subsequently reported that a conference had been held with a committee from the other board and that it had been agreed to return the report to the Common Council. It later was passed by the lower board and sent to the Aldermen where it was laid over until the next meeting.

Mr. Simpson presented a petition of E. L. Allen for permission to extend a porch on his premises, northwest corner King and Washington streets.

Several questions were asked concerning the purpose of the petitioner, all of which were answered satisfactorily, after which the permission was granted.

The Aldermen received a number of papers from the Common Council and concurred in their action on the same.

An ordinance providing for advertising for bids for furnishing electricity to the city, passed by the Common Council, was read the second time.

Mr. Wm. H. Sweeney, a member of the joint committee which had favorably reported the ordinance, asked when the committee meet, as he was not present, nor had he received any notice of a meeting.

President Sweeney asked if the Corporation Attorney had been present at the meeting. It appearing that he had not, the President called attention to the fact that when the ordinance was before the board at a previous meeting he had insisted when it was referred to the committees that the Corporation Attorney be present at their meeting.

Mr. Burke said the ordinance had been drawn up by the Corporation Attorney.

The president replied that it had been drawn up by the former Corporation Attorney (Mr. Boothe), not the present law officer of the city, Mr. Fisher. When the latter was a member of the Aldermen and the same ordinance was before the board he was of the opinion that certain sections were unconstitutional.

Mr. Simpson said he had listened to the reading of the ordinance and believed that every possible safeguard had been anticipated and provided for.

President Sweeney (Mr. Curtin in the chair) said the board must remember that should this ordinance be adopted it would form the basis of the contract with parties for furnishing electric light to the city. It could not be altered later; hence care should be taken. The ordinance was now on its second reading. The speaker called attention to section 4, which provides for the city digging trenches should it at any time become necessary to place electric wires under ground. He asserted that this section was not in the original ordinance.

Mr. W. H. Sweeney—"It was not inserted by the committees."

President Sweeney then called attention to another section referring to the action of the city should the contractors fail to carry out their stipulations. The property would have to be bought by the city which had no money to put up a desirable plant. In other words, should the venture prove unprofitable the plant would be thrown back upon the city.

Mr. Burke said the city would only pay the appraised value of the same.

Mr. Simpson recalled the fact that Mr. G. L. Boothe, when Corporation Attorney, had passed upon the legality of the bill, and there had been no questions raised since he was superseded by Mr. Fisher. He defended the action of the committee.

Mr. Ballenger, who had just entered the chamber, asked what was being considered. He was told that the ordinance was on its second reading.

Mr. Burke, in referring to President Sweeney's assertion to the effect that Mr. Fisher had declared the ordinance unconstitutional, said, according to his recollection, it was in reference to omitting taxes. This was omitted in the present ordinance. The ordinance had been published four times; hence all members should be familiar with its provisions.

Mr. W. H. Sweeney thought the Corporation Attorney should look over the ordinance before it was passed.

Mr. Ballenger moved to non-concur in the action of the lower board, and recommit the ordinance.

This was lost by a tie vote—Messrs. Ballenger, Curtin, W. H. Sweeney and President voting in the affirmative, and Messrs. Hill, Burke, Marbury and Simpson, in the negative.

Mr. Hill moved that the ordinance be put upon its third reading. This was lost by the same vote.

There was an immediate movement for an adjournment, but President Sweeney attempted to stay it, by suggesting that the board reconsider its action and recommit the ordinance.

Mr. Hill excitedly exclaimed: "No; let us adjourn; you (referring to the President) will oppose everything brought in. The electric light matter is now thrown back another year."

The members subsequently left the chamber,

COMMON COUNCIL.

The board came to order soon after 8 o'clock p. m.

The finance committee reported for the second time this year the ordinance for the sale of the exclusive right to furnish electric power and light in the city of Alexandria for 30 years.

The ordinance was read the second and third times and agreed to, yeas 11, nays 0 (Mr. Spinks).

The street committee reported an appropriation of $1,900 to purchase a steam roller.

Mr. Leadbeater explained that bids had already been received by the City Engineer and that the entire cost would come within the appropriation.

Mr. Spinks opposed the appropriation on the ground that the money could be used to better advantage.

The appropriation was carried, yeas 9, nays 3.

The election of a member from the 3rd ward, vice Dr. T. B. Cochran resigned, then came up.

Mr. Harrison nominated Mr. George W. Bontz and Mr. Hellmuth nominated Mr. Gardner L. Boothe.

Mr. Harrison explained that he had nominated Mr Bontz because Mr. Boothe some time ago had told him he would not be a candidate.

The vote stood Boothe 9, Bontz 3. So Mr. Boothe was declared to be chosen a member from the 3rd ward.

A school board committee consisting of Dr. W. M. Smith and Messrs. Stabler and Ramsay asked an additional appropriation to enable the city school board to discharge certain obligations to six teachers. The application was referred.

The annual appropriation bill was read by its title and referred.

Permission was granted Mr. J. G. Graham, of 210 north Alfred street, to put up a small frame building there.

$25 was appropriated to advertise for bids for the electric franchise outside the city of Alexandria.

Mr. E. L. Allen was granted permission to add a frame porch to the third story of his property on the corner of King and Washington streets, provided no objection be made by adjoining property holders.

The appropriation of $3,500 for the purchase of a new fire engine was returned from the Aldermen, a committee of conference was appointed and on its report the ordinance was again passed by this board. The differences arose over the appropriation made by the Common Council at the last meeting for the purchase of the engine. The matter had been before the Council several months, but the amount necessary—$3,500—was not reported until the last meeting, when the lower board accepted the report and passed the measure.

Last night the Aldermen nonconcurred and returned the bill, with the explanation that the lower board should not have passed it the night of its introduction. Councilman Harrison suggested that President Sweeney of the Alderman be requested to move to the south wing of the city hall and instruct the Council how to conduct its affairs, and Mr. Hellmuth seconded the motion.

In order to facilitate matters, Council again passed the appropriation and it will come before the Aldermen at the next meeting.

After a long wait and after the Aldermen had been notified that Council had completed its business the Chair deputed Mr. Leadbeater to inform the Aldermen that the Council was ready to adjourn.

Mr. Leadbeater returned and reported that the Aldermen had not yet acted upon the papers sent them by Council.

Mr. Harrison, "I move we adjourn," and Council adjourned.

Official.

BOARD OF ALDERMEN.

At a regular meeting of the Board of Alderman of the city of Alexandria, Va., held April 24, 1906, there were present:

J. T. Sweeney, esq., President, and Messrs Hill, Burke, Marbury, Ballenger, Simpson, Curtin and W. H. Sweeney.

Mr Simpson presented a petition of Ernest L. Allen for permission to extend a porch on his premises, northwest corner of King and Washington streets, and it was granted.

A report of the Committees on Public Property and Finance recommending an appropriation of $3,500 for the purchase of an additional steam fire engine, received from the Common Council April 10, 1906, was returned to that board non-concurred in by the Aldermen, it being contended that the report should not have been adopted on the night of its introduction, and Messrs. Hill and Simpson were appointed a committee of conference on the part of this board. They subsequently reported that they had reached an agreement with a similar committee of the Common Council, where the report recommending the appropriation would be reconsidered. The report was later received from the Common Council, that board having adopted the same, and, under the rules, it was laid over by the Aldermen until the next meeting.

An ordinance to provide for the granting by the City Council of Alexandria the right to furnish electricity for light, heat, power, &c., in the city of Alexandria, was received from the Common Council and read the second time.

Mr. Ballenger moved that the ordinance be recommitted to the Committees on Light and Finance. This was lost by a tie vote.

Mr. Hill moved that the ordinance be placed upon its second reading. This motion was also lost by a tie vote.

The following were received from the Common Council and their action concurred in by unanimous votes:

Report of the Committees on Streets and Finance recommending an appropriation of $1,900 for the purchase of a steam roller.

A petition of a committee of the Board of School Trustees for an additional appropriation of $300.

A resolution in reference to the City Gas Works.

An act to appropriate a part of the city revenue for the fiscal year ending May 31, 1907.

A petition of James G. Graham for permission to construct a frame addition in rear of his premises, No. 210 north Alfred street.

The board then adjourned.

Grave Conditions in France.

The gravity of the strike movement throughout France, which assumed alarming proportions last week during the height of the excitement caused by the San Francisco disaster, has momentarily improved, but the people have been wrought up to a state of apprehension concerning the imminence of a crisis May 1, when all ranks of labor will make a gigantic eight-hour demonstration.

Whether this will be accompanied by violence and bloodshed is only conjectural, but the people are intensely alarmed and the authorities are adopting extreme military and police precautions. The garrison at Paris is being rapidly strengthened and it is expected that 60,000 troops will be available there May 1. In the mining regions there is another camp in which an army corps is ready for eventualities, and similar precautions are being taken at other centers.

The labor organizations do not conceal the fact that it is their intention to make a supreme effort. These bodies are partly composed of anarchists and revolutionists, who counsel violence, but the responsible leaders insist that the movement has a pacific object, similar to the American eight-hour demonstrations. Nevertheless, it is feared that the lawless element may get the upper hand, and this inspires the public with a feeling of terror bordering on panic. Some of the newspapers freely assert that the movement is the prelude of a revolution in which the proletariat intends to overthrow the existing regime.

The alarmist rumors add to the real danger of the situation. Some of the reports picture the business and residential parts of Paris as about to be sacked, the streets barricaded, and, in brief, a veritable renewal of the commune. This has had the effect of greatly alarming the more nervous of the people, some of whom are sending their valuables abroad, and are preparing their residences to resist attacks.

San Francisco.

The latest and most exact investigation of the lines of the great fire show that over 800 blocks of property, covering six square miles, were destroyed and that flames ran along 28 miles of steets.

Owing to the reckless shooting of people by the State troops the militia will be removed and regular troops will guard the entire burned district.

It is believed that plans prepared by Architect Burnham, of Chicago, before the calamity for "the most beautiful city in the world," will now be carried out, and as expeditiously as possible.

The danger of epidemic is said to be over, although there are said to be several cases of smallpox under treatment.

Owing to the scarcity of feminine attire, many women are wearing men's shirts and overalls.

Dr. W. U. Newman and Miss Florence Herrell were married at 12 o'clock yesterday, in Manassas, at the home of Capt. and Mrs. J. E Herrell. Dr. Newman is a prominent physician of Manassas. The bride's father, Capt. J. E Herrell, is treasurer of Prince William county.

IN MEMORIAM.

In memory of our dear little nephew and brother, EDWARD E PADGETT, who died April 24, 1904—two years ago today.

He has gone to rest, our brother,
He has left this world of ours;
Like a ray of golden sunlight,
Left this happy land of flowers.
Now no more we hear his footsteps,
Or his kind and gentle voice;
He has left kind friends behind him,
Whose hearts with grief doth swell;
Yet we know that he is happy,
For he's gone with Christ to dwell.

Paul Jones Commemorative Services.

The Masonic Temple was densely packed last night by Masons of this city and vicinity to participate in the services in memory of John Paul Jones, an illustrious member of the craft. Among the visiting brethren was Admiral W. S. Schley, who reached the city on the palace car "Mount Vernon" about 8 o'clock. A crowd had gathered at King and Royal street, where the admiral left the car, all anxious to welcome him. He was accompanied by a delegation of Masons who escorted him to the Masonic Temple. Upon reaching the City Hall he was given an ovation previous to his entry into the lodge room, and numbers of citizens, many not Masons, who had gathered were introduceed to the hero of Santiago.

There was a joint meeting of Alexandria-Washington and Andrew Jackson Lodges, and most all the members of these organizations were present.

Alexandria-Washington Lodge, with Worshipful Master L. Ruben in the "East," convened at 7 o'clock. The lodge was later called off, when Andrew Jackson Lodge was convened by Worshipful Master George Warfield.

Grand Master K. Kemper and Admiral Schley were subsequently received.

Mr. C. C. Carlin was the first speaker. He was introduced by Grand Master Kemper. Mr. Carlin's portrayal of Admiral John Paul Jones was vivid, and during his oration he incidentally made references to Admiral Schley which were heartily applauded.

The Grand Master at the close of Mr. Carlin's address introduced Admiral Schley, who was received with loud and continued applause. The admiral, who is an interesting speaker, gave probably the most thrilling and entertaining history of John Paul Jones that has ever been delivered. He went into many details concerning Jones's life, and manifested a remarkable familiarity with the history of this hero. Admiral Schley, who can read and speak half a dozen different languages, has, through different tongues, made himself acquainted with all that can possibly be learned concerning Jones, and he made his hearers acquainted with facts they had never known before. His address produced a decided impression upon his hearers.

The Grand Master later introduced Hon. John F. Rixey, who also manifested considerable familiarity with the life of Admiral John Paul Jones, whose obsequies he had attended at Annapolis yesterday. His address was well-conceived and well delivered.

Grand Master Kemper closed with a short address during which he referred to the catastrophe at San Francisco and expressed the hope that all Masons would render aid to the distressed people of that unfortunate city.

All the speakers were justly complimented by the large gathering.

At the close of the lodges the visiting brethren, the stationed officers of the two lodges and the members of the committee repaired to the Hotel Fleischmann where a royal feast had been spread. During the discussion of the menu Admiral Schley gave a detailed account of the battle of Santiago which was listened to with great interest.

The Admiral, with Representative Rixey and the committee later boarded the "Mount Vernon" and proceeded to Washington, where the last act in the entertainment followed. A large party of Alexandrians were at the depot waiting to return home on the last electric train. Among them were several Daughters of the American Revolution. Admiral Schley was accorded another hearty ovation. The admiral was greatly pleased with the reception given him, as were also all who met and conversed with him.

The committee in charge of the arrangements was composed of Messrs. R. W. Arnold, C. H. Callahan, W. A. Moore, jr., of Alexandria-Washington Lodge, and H. K. Field, C. B. Marshall and Samuel P. Fisher of Andrew Jackson Lodge.

Eighty-seventh Anniversary I. O. O. F.

Potomac Lodge, No. 38, I. O. O. F., of this city, last evening gave an entertainment in observance of the eighty-seventh anniversary of the organization of the Independent Order of Odd Fellows, at their hall on north Columbus street. The admission was by cards of invitation distributed by members of the order and the hall was densely packed by members and their wives, daughters and friends. It was really a "Ladies' night." The following well selected programme was rendered: Selection, Alexandria Ideal Musical Club; monologue, "Behind the Curtain, Mrs. A. T. Hanson; brief history of Odd Fellowship, E. W. Bradford, Grand Master, of Washington. D. C.; songs Little Margaret Elwood, of Washington; selection, Columbia Male Quartette of Washington, Mr. E. L. Hutchinson, director; sketch. "April Fools," by "The, Players," Messrs. George A. Root, W. E. Lawson and Orra A. Tracy; mimic, whistler and imitator, A. B. Griffith, of Washington; piano solo, A. Barney Johnson; reading, "Jennie," Mrs. A. T. Hanson; selection, Columbia Male Quartette; solo, "Virginia," J. A. Trunnell; solo, "Only a Message from Home Sweet Home," E. L. Hutchinson; address, D. R. Stansbury, Past Grand Master of Virgina; selection, Alexandria Ideal Musical Club. The piano used on the occasion was kindly loaned by the Cable Company, of this city, of which Mr. C. W. O'Mears is manager. While the guests were being seated Miss Jaenette Theimer played a number of selections which were greatly enjoyed. Among those present were Mr. and Mrs. John I. Browne and E. W. Bradford, of Washington, the latter being the Grand Master of the District of Columbia. The programme throughout was of a high order and greatly enjoyed by all in attendance, from the frequent manifestations of approval of each number. Among the accompanists was Miss Marie P. Henshaw, of this city. The readings of Mrs. Hanson were rendered in a highly creditable manner.

During the evening Past Grand Master D. R. Stansbury delived an interesting address on the principles of Odd Fellowship, as well as its history, and its growth in the United States.

The committee in charge were Messrs. D R Stansbury, James R. Mansfield and P. M Bradshaw.

On next Sunday evening all Odd Fellows in this city will attend Grace Episcopal Church where Rev. Edgar Carpenter will deliver a special sermon to the order in observance of the eighty-seventh anniversary of the organization of the Independent Order of Odd Fellow.

On next Friday evening Potomac Lodge, No. 38, will confer a class initiation upon sixteen candidates on behalf of Manassas Lodge. The visitors will reach the city about 9 p. m. and suitable entertainment will be provided the visitors after the conferring of the degrees.

Wedding.

A quiet but extremely pretty home wedding was solemnized at noon today at the residence of Mrs. James F. Peyton, on north St. Asaph street, when her daughter, Miss Marie Genevieve Peyton, became the bride of Mr. Charles Marsh Shepperson, of the Isthmian Canal Commission. The invitations to the ceremony were entirely verbal, and only about thirty relatives and intimate friends of the contracting parties were present. The rooms were beautifully decorated with palms and white carnations. Miss May Goodwin, of Washington, played the wedding march. The bride, attired in a princess dress of white embroidered net over taffeta and chiffon and carrying a bouquet of white roses, entered the parlor on the arm of her brother, Mr. James Franklin Peyton, by whom she was given in marriage. The only attendant, Mrs. Ward Winchell, of Washington, as dame of honor, was gowned in gray crepe-de-chine, and carried bridesmaid roses. The groom was attended by Mr. Mahlon Hopkins Janney, as best man. Rev. William J. Morton, rector of Christ Church, read the marriage service. Following the ceremony, a daintily appointed breakfast was served. The bride, known by her friends as Miss Dolly Peyton, is a daughter of the late James F. Peyton, of this city. Miss Peyton is especially well-known through her newspaper work, and as an enthusiastic worker in the United Daughters of the Confederacy. Mr. Shepperson is a son of the late Rev. Charles M. Shepperson, of the Presbyterian Church, and has lived here alternately for the past seven years. During the afternoon Mr. and Mrs. Shepperson left for a bridal trip in the north.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Christina Reeves, colored, arrested by Officer Nicholson charged with stealing a pen from C. Atwell, had her case continued.

Benjamin Hamilton, colored, arrested by Officer Knight charged with disorderly conduct, was dismissed.

Joseph Martin, arrested by Lieutenant Smith charged will being drunk at the station house, was dismissed with a reprimand.

Samuel E. Wetmyer, arrested by Officer Sherwood on suspicion of lunacy, was held.

Frank Williams, colored, arrested by the same officer on a similar charge, was fined $5.

Joseph Reynolds, arrested by Officer Knight charged with shooting at Joseph Martin, was dismissed.

Harrie Brown, arrested by Officer Jones charged with assaulting his wife with an oyster knife, was fined $50, or given 90 days in jail.

Charles Jackson, colored, charged with bigany, waived an examination and was sent on to the grand jury.

A cow was taken up astray and was held awaiting the appearance of the owner. While impounded the cow gave birth to a calf. Both were later turned over to the owner.

Last Night's Show.

Another crowded house greeted the Chauncey L. Southern Company at the Opera House last night to witness the production of "The Plunger," a four act melodrama of intense interest. Douglas Lloyd played the part of Walter Glyndon, the hero, in a masterly way, and Evelyn Clark portrayed the role of Ethel Rexford, the heroine, in a manner deserving of great praise. J. P. Tucker, as Risque Lincoln, the villain, was all that could be expected, while Raymond Paine as Billy Spike was excellent. The part of the Plunger was handled by Mr. Southern in his usual good style, and the young star was heartily applauded. Maybelle Vantassell, Bessie Clark and Chas. B. Hawkins deserve special mention. The play throughout was well interpreted, full of interest and good situations and heartily enjoyed. The specialties were of a refined character and much enjoyed especially the violin solo by Miss Clark and the songs by Mr. Payne. Tonight the company will present the sensational melodrama "At the Risk of His Life," with full scenic effects. This is the best play in the company's repertoire and will doubtless be witnessed by another large crowd. New specialties will also be introduced. The attraction tomorrow night will be "Camille."

To Remain Rest of Week.

Theatrical patrons will learn with pleasure that, owing to the unprecedented success of the Chauncey L. Southern Company at the Opera House, that company will remain in this city for the rest of the week, producing a new play each night. A great many requests were received by Mr. Southern to continue the engagement for three more nights, and that gentlemen has consented to remain. This company has made a distinct hit during their short stay, and, as it is composed of excellent actors and actresses, large crowds are expected to attend the remainder of this week.

Editor Held.

Last night a strange man, apparently about 30 years of age, entered the station house and, accosting Officer Sherwood, said, "Well, sergeant; here I am. They have been chasing me around the Capitol and other places in Washington." The stranger was in a nervous condition, and the officer determined to hold him. He later wanted to go out and get a drink but he was prevented from doing so. The stranger gave his name as Samuel E. Wetmyer, and said he was editor of the Rome, Ga., Daily News. He was brought before Justice Caton this morning, and he determined to hold him until his friends in Washington could be informed of his whereabouts. Wetmyer does not look like a drinking man. It is supposed that he is suffering from mental troubles.

Pastor's Reception.

The members of the Methodist Protestant Church met in the lecture room last night at 7:30 o'clock, and, marching to the parsonage in a body, surprised their pastor, Rev. J. H. S Ewell, by tendering him a pound party and reception. Several hymns were sung, a prayer offered and speeches of welcome made by representatives of the various departments of the church. Rev. J. H. S. Ewell is entering upon his sixth annual pastorate of that church, in this city, and by his daily walk and conversation, pious living and earnest preaching of the gospel, has endeared himself to his congregation and they took this means to show their appreciation for his return and wish him success for the coming year.

Tapping of Sewers.

When investigations are necessary they should be made, and we are compelled to tip our hat to the Mayor and police commissioners. After the conclusion of their efforts let our citizens know the person who should compel the tapping of sewers. Isn't the Mayor derelict in his duties in not enforcing this law? We again say that investigations should be made even to the extent of his honor appearing before Council or the grand jury.

A Terrible Prospect.

The Bluefield, W. Va., Telegraph says that Miss Nicely, of Merritt's Creek, in Cabell, county, predicts that the end of time, as far as this world is concerned, will come in May. A gentleman who has arrived at Bluefield from Merritt's Creek says that Mrs. Nicely, who is a member of a holiness sect, affirms that the earthquake which has done such appalling damage on the Pacific coast is just the beginning of the end, and that the next shock will commence on the gulf of Mexico at the lower end of Flordia and sweep the Atlantic coast States; and the fate of San Francisco, will be the fate of the eastern seaport cities. She further says that the middle west will be the scene of an upheaval, and that the waters of the Missouri and the upper Mississippi will fall into great chasms, caused by the earthquake, and meeting the inner fires of the earth, cause the greatest volcanic eruption witnessed since this earth was in its formative period; since the great Appalachian range and Rocky mountains were reared from the bottom of the ocean. All this she says will occur between this and the 15th day of May, and upon that day or closely following, the grand final day will come, wherein streams of molten lava and boiling torrents of steaming hot water will blight and wither and kill everything animal and vegetable upon this and all other continents.

Railroad Contractor Killed.

J. H. Fitzgerald, of the railroad contracting firm of Fitzgerald & Millet, was murdered at Curve, W. Va., thirty miles east of Bluefield, yesterday forenoon, by a number of Italian laborers. Fitzgerald had the contract for grading ten miles of the new Deep Water Railroad, and his laborers have been chiefly Italians. On Monday he discharged several of his men and yesterday forenoon he discharged half a dozen others.

The discharged Italians became enraged, and about 11 o'clock, as Fitzgerald was riding along the line of his work, he was fired on from a shack. He fell from his horse with three bullets in his body. Italians to the number of twelve or fifteen rushed up and plunged knives and dirks into the already dying man.

After completing their crime, they fled to the woodlands near by. Officers were quickly notified of the murder, and a posse went in pursuit of Fitzgerald's slayers. Several Italians have been taken into custody, but it is believed that the guilty persons have not been captured.

Fitzgerald, the murdered man, was one of the best-known railroad contractors in the country. He leaves a wife and several children. If his slayers are captured it is more than likely that some of them will be lynched.

Woman Murdered.

Shortly before 12 o'clock last night, in a little house on Second street in Bristol, Tenn., Teachie Glover, a woman of about thirty-three years, was found slain in a blood-soaked bed. Her head had been almost severed from her body, and an ugly gash had been made across her nose and cheeks. Under the bed was found a new axe, which was literally covered with blood. The floor and walls of the room were bespattered with blood. The dead woman occupied the bedroom of "Sill" Luttrell, who conducts a wood yard near by. Luttrell reported the tragedy to the police, stating that he had left the woman in his room and was away at the time of the tragedy.

Luttrell was locked up, but it is not believed he committed the deed. The police are investigating the affair.

Gamecock Kills Monkey.

A fight between a monkey and a gamecock, resulting in the death of the former after a desperate struggle lasting less than five minutes, occurred yesterday in Elmwood Place, Cincinnati. The monkey was the property of an Italian organ grinder, strolling through the village. The doughty gamecock belongs to William Johnson, of Linden avenue. The monkey broke away from his master to chase two boys, who were teasing it, and ran into Johnson's yard. There it came in contact with the fowl and engaged him at once. In a furious struggle the gamecock blinded its adversary and succeeded in planting his spurs in the monkey's side, reaching a vital spot.

There's grave danger from the plague of Coughs and Colds that are so prevalent, unless you take Dr King's New Discovery for Consumption, Coughs and Colds. KIDNEY TROUBLES

Increasing Among Women, But Sufferers Need Not Despair

THE BEST ADVICE IS FREE

Of all the diseases known, with which the female organism is afflicted, kidney disease is the most fatal, and statistics show that this disease is on the increase among women.

Unless early and correct treatment is applied the patient seldom survives when once the disease is fastened upon her. We believe Lydia E. Pinkham's Vegetable Compound is the most efficient treatment for chronic kidney troubles of women, and is the only medicine especially prepared for this purpose.

When a woman is troubled with pain or weight in loins, backache, frequent, painful or scalding urination, swelling of limbs or feet, swelling under the eyes, an uneasy, tired feeling in the region of the kidneys or notices a sediment in the urine, she should lose no time in commencing treatment with Lydia E. Pinkham's Vegetable Compound, as it may be the means of saving her life.

For proof, read what Lydia E. Pinkham's Vegetable Compound did for Mrs. Sawyer.

"I cannot express the terrible suffering I had to endure. A derangement of the female organs developed nervous prostration and a serious kidney trouble. The doctor attended me for a year, but I kept getting worse, until I was unable to do anything, and I made up my mind I could not live. I finally decided to try Lydia E. Pinkham's Vegetable Compound as a last resort, and I am to-day a well woman. I cannot praise it too highly, and I tell every suffering woman about my case." —Mrs. Emma Sawyer, Conyers, Ga.

Mrs. Pinkham gives free advice to women; address in confidence, Lynn, Mass.

Chamberlain's Cough Remedy the Best and Most Popular.

"Mothers buy it for croupy children, railroad men buy it for severe coughs and elderly people buy it for la grippe," says Moore Bros., Eldon, Iowa. "We sell more of Chamberlain's Cough Remedy than any other kind. It seems to have taken the lead over several other good brands." There is no question but this medicine is the best that can be procured for coughs and colds, whether it be a child or an adult that is afflicted. It always cures and cures quickly.
